

Funding to establish new policies and enlightenment of the active channel initiatives, learned through the enterprise ethical core, evolve alongway through solution strategy ,method of doctrine ,and relative services included to fulfill government agency best-practices.

Jurisprudence law ,.natural law, Litigation, Anthropologic ,social ethic, productivity.
Process,growth,development. I am an independant copywriter of probable common descendant.

My buisness model wants to demonstrate a unique theosophy ,examining the scriptures of mankind and struggles of his life endeavors to be properly synchronized and aligned with reasonings logical ethics of creation“(genesis) to beginning and end theological prophecy.

Our metrics are methodical logistics from revelations -genesis on the mathematical element and instrument that would endure/sustain the manuscripts, of intellectual world longevity conflicts so to enable sanctity of the branch ,tree focus and concentration

Im independant aiming at what were the provisional guidelines of goal setting and net profit for committed focus concentration of the intuitive works that interact the existencial conciousness of life creation.

My partners are the guidance of psuedoscience jurisprudence of the fundemental foundation and our brotherhood of prolariat across all nations are to be reached so to discuss these important matters of the relative likeness we share in our purpose as active engagers of the explicit existence.

The competition dose not recite/quote of the predictive ^principals that are nessesary to patience and endurance of the enterprise operations code ,conduct/principals, innovations of enterprise optimal methodic productivity, a virtual-reality which interacts methodic connection to industrial natural reasources and elite patent standards generic ,ballistic creation concept.

I want to solve or actively participate in restoring the creditability of grammer in the career alignment tradjectorys , that the priveledge/entitlement to justify purpose of life, having followed your career ,dreams entitled for a chance to be orchestrated at the disposal of your own intuitive thought.

very low risk or threat this is very straightforward we are able to distinguish a language in proposition of the religeous ethical service and are able tp pronounce selfsustainance neurturing of the most regarded counsil that it can be represent through carriers of millenia unified generic/hereditary recieve the praise which liberty and wellbeing to define life purpose under the horizons of creation collective achieves of one unified generic scripture modified by man of the second future, commodite of political ways and provisions and directions., This is a pklan of change , change in our approach to challenge but also practice what is right. and direct virtuous and true stratedgys giving chance to a winner of inheritance tactics that cant be taken .

Well my ideas are diversive to stratedgic practical purpose but are matters designated to imply for this part, where man takes priority and represents instrumentation in the diciplines of ettiquette field of life

endeavors, and believes he was to receive a response over the collective query of creations
lifeform ,and that beyond the reach of the fine tuning acoustic statutory prodigy/ chronicles and
chronological constant of life statutory processes, aids to right of work quality and longevity,
implemented promptly, .
